
GUNDAM 30th ANNIVERSARY BOX [mp3][320k] 31

These special box T's were released on 10/19/2021 in commemoration of the 30th anniversary of the Gundam franchise. It contains two 7" figures of the six mobile suits featured in the Zeta Gundam: the Unicorn Gundam, the Destiny Gundam, the Victory 2 Gundam, the Gundam X, and the 00 Raiser. The box contains a silver figure stand for each suit. It also comes with a sticker sheet.

There are also special box U's which are the same except it lacks the silver box stand and sticker sheet. They are 12" and contain a 12" scale figurine of the same suit. In an undisclosed forest, a battle with an unknown enemy rages on, with the FF-X7 Core Fighter lodged in a tree. As the battle continues, the Gundam Alex and the Gundam Ground Type hold off the enemy to protect the core fighter, but return fire blows the core fighter away. Luckily the God Gundam arrives and uses its Bakunetsu God Finger to launch the core fighter into the air, where the Destiny Gundam uses its wings of light to reach the fighter and help ignite its engine with its palm beam cannon. The core fighter launches into space, escorted by the Victory 2 Gundam, where upon arriving it is protected from enemy fire by the 00 Raiser, the Gundam Full Burnern Zephyranthes, and the Nu Gundam. The shockwave from the battle causes the core fighter to fly off course but it is promptly rescued by the Gundam, activating its Moonlight Butterfly after releasing the fighter. As the core fighter flies on, it goes on a collision course with a colony that is being dropped, but the Gundam X arrives and prepares its satellite cannon, and is soon joined by

the Wing Gundam Zero and the Wing Zero (EW ver.) with their twin buster rifles and the three successfully destroys the colony. The Zeta Gundam avoids the explosion by entering its waverider mode and appears to join the Unicorn Gundam, which enters its Destroy Mode, in defending the White Base, as the core fighter passes them. Elsewhere the Gundam F91 uses its variable speed beam rifle, in conjunction with the Full Armor ZZ Gundam's double beam rifle, and the Freedom Gundam's full burst mode to destroy A Baoa Qu, the enemys base. The core fighter flies into the explosion and combines to form the RX-78-2 Gundam and fires its beam rifle. As the smoke clears, the Gundams stands victorious as the scene ends with the OVA's title appearing on the screen.
